INTRODUCTION

Pesticides and Actives

Ontario's *Pesticides Act* and Regulation 914, administered by the Ministry of the Environment, requires that pesticide products be registered under the federal *Pest Control Products Act* and classified into one of the schedules of the Ontario Regulation to be legal for sale and use in Ontario.

This document lists all pesticide products which have been classified in Ontario, with the exception of fertilizers containing pesticides. The purpose of this document is to list the pesticides according to the active ingredient(s) contained in each product. In order to do this, the contents are divided into two main sections: the first lists pesticides according to the name of the active ingredient; the second lists products by their PCP registration number, with their respective active ingredient(s) listed by code. The code explanations are tabulated at the back of the document in Section 3. The active ingredient concentrations (guarantee) are expressed as a percentage of the package contents, unless otherwise noted.

Definitions

"PCP No." is the unique identifying number assigned to each pesticide product under the *Pest Control Products Act* (Canada).

"Schedules", numbered 1 through 6, are categories into which pesticide products are placed according to their persistence, toxicity, method of handling or ways in which they can be sold. Refer to the following table for details on the schedules.

CRITERIA FOR ONTARIO CLASSIFICATION OF PESTICIDE PRODUCTS

Schedule*	Pesticide Category	Criteria	Sales Outlet	Used By
1	Restricted	Extremely Toxic, Very Highly Persistent	Licensed, Record of Sale	Licensed Applicator, Certified Agriculturist, under Permit approval
5	Agriculture	Extremely Toxic, Very Highly Persistent	Licensed, Record of Sale	Same as Schedule 1 except no permit if Certified Agriculturist or Licensed Applicator
2	Pest Control Industry and Agriculture	Very Toxic, Highly Persistent	Licensed, Record of Sale	Licensed Applicator or Certified Agriculturist
3	Consumer, Pest Control Industry and Agriculture	Moderately Toxic, Moderately Persistent	Licensed	Homeowner, Licensed Applicator and Agriculturist
4	Consumer, Pest Control Industry and Agriculture	Slightly Toxic	No licence requirement	Homeowner, Licensed Applicator and Agriculturist
6	Consumer, Pest Control Industry, Commercial and Agriculture	Slightly Toxic	Licensed (same as Schedule 4 except larger container)	Homeowner, Licensed Applicator and Agriculturist

* When an * appears after a schedule 4 or 6 product in this publication, it means that the product is packaged in two different container sizes and appears in both schedules.
